

## **INTRASOFT celebrates new European Parliament win**

**Luxembourg, October 6, 2020 - INTRASOFT International**, the global ICT company, proudly announces the award of a new contract (project UCMS18), covering the provision of support and operations services for the European Parliament's Unified Communication infrastructure.

Over the course of the next 6 years, INTRASOFT International with its consortium partners will provide expertise on the European Parliament's Unified Communication infrastructure to cover several domains:

- IP telephony supply, operations and infrastructure management
- Videoconference Services & Facilities (support, operations and management)
- TV over IP Services & Facilities (support, central operations and management)
- Unified Communication management systems operations (Kurmi, Reference DB, etc.)

The services will be provided in Strasbourg, Brussels and Luxembourg. Capitalizing on its experience, the consortium can guarantee a fast, adequate, and qualitative feedback to all submitted and ad-hoc needs of the project, along with problem management and continuous service improvement.

**Mr. Alexandros Manos, Managing Director of INTRASOFT International commented:** "We are extremely happy to announce our new project with the European Parliament. It comes as recognition of our hard work and shows our technological expertise in offering managed services to a very large number of clients in the European Institutions. We fully intend to meet and exceed our client's needs and expectations."
