++INTRACOM Defense Electronics receives \$ 2.4 million for F-16 AN/APG-68(V)9 GATS Upgrade Program++

INTRACOM Defense Electronics, the largest defense electronics systems manufacturer in Greece, received a \$ 2.4 million contract from Northrop Grumman Corporation (NYSE: NOC) for the F-16 AN/APG-68(V)9 Fire Control Radar GATS (Generic Automatic Test Station) Upgrade Program.

The contract concerns the delivery and commissioning of the upgraded Depot GATS for the establishment of the AN/APG-68(V)9 LRUs Depot level test and support. INTRACOM Defense Electronics will develop, manufacture and install the necessary radar test stations, and will also provide the required, logistics and on site-engineering support. INTRACOM Defense Electronics' specialized technical knowledge and capabilities has resulted in more than \$30 million in contracts in the field of airborne radar electronics.

###
