**++ Signs New Project with Telekom Srbija ++**

**Athens , December 08, 2009** □ INTRACOM TELECOM , a part of SITRONICS, today announced the signing of a □ 3.5 million contract with Telekom Srbija, the incumbent telecommunication operator in Serbia, to supply Integrated B broadband Access equipment supporting high-speed ADSL 2/2+. technology.

Within the framework of this agreement, INTRACOM TELECOM will supply the specific equipment to Telecom Srbija enabling them to support the deployment of broadband services such as Internet connectivity, Voice over IP telephony and IPTV, thus creating a portfolio lined-up of genuine triple-play advanced services. The project is expected to be completed in Q4 2009.

INTRACOM TELECOM has a long-standing experience in supplying ITSP with Broadband terminals of various types and functionalities. It is worth mentioning that INTRACOM TELECOM□s equipment serves more than 20% of internet users in Greece .
