INTRASOFT International Gold sponsor of EMEA Oracle Partner Day in Athens

Luxembourg, 30 March 2017 - **INTRASOFT International**, a global ICT company and Platinum Level Oracle Partner, will support – as a Gold Sponsor – the EMEA **Oracle Partner Day** that will be held in Athens, Greece on March 30.

This series of **Oracle Partner Day** events will equip participants with the knowledge they need to understand the challenges and business opportunities that the Cloud has to offer.

INTRASOFT International's sponsorship of the Oracle Partner Day in Athens, as well as that of the Modern Business Experience event earlier in February 2017 in Athens, when INTRASOFT was awarded the Partner of the Year award, are part of the collaboration formed with ORACLE over the past decades, in Greece and abroad.

In the past few months, INTRASOFT and ORACLE have been delivering presentations to select European customers keeping them abreast of the new tools and technologies that can substantially improve their operational efficiency. Recent events organized by INTRASOFT and ORACLE in Cyprus and Malta attracted the attention of several high-profile guests from the public and private sectors. INTRASOFT showcased its experience in various applications, including CRM and Middleware solutions as well as Cloud, Billing and Enterprise Performance Management (using ORACLE's Hyperion suite).
