INTRASOFT wins new contract with the Ministry of Finance, Kuwait

Luxembourg, 10 January 2017 - **INTRASOFT International**, an international ICT company headquartered in Luxembourg, has been selected by the **Ministry of Finance of Kuwait** to implement the State's e-Governmental Brokering Platform and the development of the Ministry's centralized e-Collections System.

This two-year contract highlights the company's extensive experience in the revenue management field and its status as a leading supplier of high-end integration services at a government level.

The Ministry of Finance of Kuwait has the mission to adopt best practices, strategies and standards required to establish Kuwait's e-Government platform. The aim of the e-Government platform is to increase customer satisfaction through the use of new technological means required to help customers pay their governmental due bills, and deliver a unique, seamless and cross channel experience among the stakeholders.

INTRASOFT International will provide a wide range of services, from e-collection transactional (on-line) services to strategic advice on creating a future-proof, country-wide integration brokering platform, as well as capitalizing on its extensive knowledge of Taxation and Revenue systems to implement a consolidated collections system for the State of Kuwait.

The new e-Collections platform will enable eight governmental institutions to provide Kuwaiti citizens with modernized revenue collection features such as the creation of payment plans for consolidated debt.

The project will be implemented by a joint, international team of INTRASOFT International's highly skilled engineers and consultants, bringing together expertise from across the Group. INTRASOFT is leading the implementation of the project in close cooperation with two strategic partners; Counselor's Consulting Company Kuwait and KPMG.

Counselor's Consulting Company is a leading company in the provision of IT Services within Kuwait and the EMEA area and holds numerous contracts within the public sector domain.

Mr. Alexandros Manos, **Managing Director** of **INTRASOFT International** commented: "We are very pleased to sign our first contract with the Government of Kuwait and to start our collaboration with the **Kuwait Ministry of Finance**. The selection of INTRASOFT confirms our prominent position in revenue collections domain and our ability to meet the business needs of Public Revenue Authorities through ICARUS (Intrasoft Collections and Revenue Solution), our business solution platform developed specifically for this purpose. We are confident that the Solutions & Services we provide will meet our clients' high standards and hope that this will be the start of a long and fruitful relationship in this area."
